

Medical Radiation Scientist August Update

Dear Member,

In the last two months, fantastic and committed Medical Radiation Scientists across the state have convened to commence the important and difficult work of improving your workplace conditions. The Medical Radiation Scientist Industrial Advisory Committee was convened on 20 July 2022.

The purpose of this meeting was to:

- Discuss the Terms of Reference for the Committee and have it endorsed by Committee members.
- Discuss structure and logistics of the Committee – regularity of Committee meetings, mode of communication.
- Election of positions including Committee Secretary, Deputy Secretary, Chairperson and Deputy Chairperson.

Due to low attendance at the Committee meeting, elections did not take place. The Committee will decide the regularity and structure of their meeting in order to discuss key issues in the Awards covering MRS as well as industrial and collective issues impacting the profession.

A key resolution passed by the Committee is to ensure transparency for the work that is being completed by Committee members. The identified priority areas of the Committee thus far are:

- Developing HSU proposals for reform to modernise the MRS award.
- Developing a consistent state-wide process for HSU members.
- Improving professional recognition and resourcing for MRS members.

The HSU MRS Committee is continuing to look for expressions of interest for the following classification to join the Committee: Radiographers. Please write to the below email to express interest in joining the Committee. If there is a collective issue impacting MRS members that you'd like the Committee to explore or issues you'd like placed on the agenda for the next Committee meeting, please contact HSU Industrial Officer Anam Rafi on Anam.Rafi@hsu.asn.au.

Not a member of the HSU? Now is time to join and have your say! You can join online at www.hsu.asn.au/join or call 1300 HSU NSW and join over the phone.

A union's effectiveness and negotiation power depends on the strength and density of its membership base. Join your work colleagues today by becoming a member of the Health Services Union and help us continue to protect and improve your working life.

In unity,
