Dear Nathan,

Re: SVHA (NSW Private Hospitals) Support Services Enterprise Agreement

Further to our recent *without prejudice* discussions, St. Vincent's Health Australia has agreed to pass on an administrative increase to the hourly rates for all affected employees by 2.25%. This would take effect from the first full pay period in January 2022.

Specifically these are the pay periods ending 16th January 2022 (The Mater Hospital and St Vincent's Private Community Hospital Griffith) and 23rd January 2022 (St Vincent's Private Sydney).

Given St. Vincent's Health is currently correcting the underpayments for the Kronos outage on 27th May 2022, our Payroll Services will look to pay the accumulated back pay in June 2022. The payments are anticipated to be made as follows:

- Week commencing 13.06.2022: SVPS
- Week commencing 20.06.2022: MHS & Griffith

I would also like to confirm the first meeting for the negotiation of the new agreement will be in the week commencing Monday 11 July 2022.

St Vincent's will send a meeting invitation in the near future. Could you please advise who else from HSU would attend this meeting and can you provide a list of job representatives as soon as you can?

We anticipate distributing the Notices of Representational Rights to all eligible employees during June 2022, and the parties can exchange any items for discussion shortly thereafter.

Regards,

Anna Clarke
Director of HR, Private Hospitals
