

Your pay will arrive
one business day later
from 24 October 2022

Change to pay day checklist

Check a recent bank statement or banking app to see what direct debits come out of your account, and when

Contact the businesses and services you have direct debits with and change them to a day later, if you need to, e.g. memberships, bills, subscriptions

Contact your home loan lender or landlord and change the day your mortgage payment or rent is taken from your account to a day later, if you need to

IMPORTANT: Some businesses and services require direct debit change requests in writing and can often include a minimum notice period e.g. 28 days, so it is recommended you make any necessary changes as soon as you are able.
