Dear Mr Hayes,

**RE: Governance and Management Structures in the Medical Imaging Stream, Sydney Local Health District**

I write to advise you of proposed changes to the governance and management structures within the Sydney Local Health District (SLHD) Medical Imaging Stream (MIS).

To assist in the governance, operational management and strategic direction of MIS, it is proposed an additional position is created and trialled within the stream. To that end, it is proposed a new General Manager (Health Manager Level 6) is created. This position and grading is commensurate with similar positions in other Local Health Districts. The proposed Position Description is attached to this letter for your information.

This position will be initially for a six (6) month trial, which will be evaluated and a recommendation made to myself as Chief Executive as to whether the position should continue more permanently.

I kindly request that any feedback from the Union regarding this proposal be provided to Gina Finocchiaro, Director, Workforce and Corporate Operations, via email: [REDACTED]

Ms Finocchiaro can be contacted on phone [REDACTED] should you require further information regarding this matter.

Yours sincerely

Dr Teresa Anderson AM  
**Chief Executive**
