Dear Mr Hayes,

**Re: Clinical Realignment, Drug Health Services**

Drug Health Services is undertaking a clinical realignment of vacant positions to better address drug and alcohol treatment needs and policy priorities. The realignment seeks to provide additional support to inpatients in SLHD hospitals and enhance drug and alcohol treatment services in community settings with a focus on vulnerable population groups such as young people.

The realignment will include a range of positions across Drug Health Services, redesigning positions which are currently vacant.

An initial staff consultation forum will be held on Friday 2 December 2022 at 3.00pm. Your input into the consultation process will assist in informing the direction of the realignment and any outcomes.
