

Elder Abuse: Current Challenges & Responses Webinar

In this webinar, we will have the opportunity to hear from experts working in the field of elder abuse. We will aim to define behaviours that contribute to abuse, highlight some of the barriers for older people, discuss duty of care from a paramedic perspective, and investigate the rights of older people to live free from abuse. This is a must see webinar for all paramedics and patient transport officers.

Participating live will count towards 1.5 hours of interactive CPD.

Date:
14 June 2023

Time:
17:00 - 18:30 AEST
