

EDUCATION WEBINAR

Wednesday 27 April 2022
7pm - 8pm AEST | Online

Management of the fourth stage of labour

Presented by Shonel Hall, this session explores how to manage the mother and neonate after birth of the baby.

There will be a particular focus on the first few hours of life, but will cover resus, and up to the first 28 days.

This session will delve into:

- Essential after-birth care
- Recognising the unwell neonate
- Birthing parent care in the fourth stage
- First 28 days of life

Speaker:

Shonel Hall, Lecturer, Queensland University of Technology
