Dear Mr Hayes,

Re: Proposed Realignment of Pharmacy Services in Western NSW Local Health District

I am writing to advise of the intent of Western NSW Local Health District (WNSWLHD) to undertake structural change within Pharmacy Services. We formally wish to consult with the Health Services Union (HSU) and your members due to the potential impact on our employees who may be members of the union.

An overview of the proposed changes, the reasoning, scope, timeframes and impact of the proposed change is outlined in the attached Pharmacy Services Realignment document. The proposed change will not result in any FTE reductions.

Meetings were held today to present the realignment proposal to staff and open the initial consultation period seeking staff feedback which closes on 6 July 2022. Feedback received will be collated and considered and a revised structure released for final comment by 18 July. It is anticipated the final structure will be adopted by 1 August 2022 and implementation finalised by early August 2022.

Should you or your industrial team require any further information or have any queries please do not hesitate to contact Lauren Herd, District Director of Pharmacy Services lauren.herd@health.nsw.gov.au or myself melanie.boyle@health.nsw.gov.au.

Yours sincerely,

Mel Boyle
