Dear Mr Hayes,

Re: Clinical Operations Structure

Further to the recent restructuring of the Clinical Operations at the Sydney Children's Hospitals Network (SCHN), I am writing to advise a reporting line change of the Biomedical Engineering Department at The Children Hospital at Westmead (CHW).

To enhance the alignment between clinical services and operational needs while providing the necessary support to the Biomedical Engineering Department, it has been recommended that the Department be placed under the leadership of the CHW Director of Clinical Operations. This adjustment will entail a change of the Head of Biomedical Engineering reporting line from the Clinical Stream Director - Surgery to the CHW Director of Clinical Operations.

Discussions have been held with the Head of Biomedical Engineering who has agreed to the reporting line change.

Please do not hesitate to contact me if you require further clarification.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "J. Ging".

Dr Joanne Ging
Executive Director Clinical Operations
