Dear Mr Hayes,

Re: Executive Realignment

Justice Health and Forensic Mental Health Network (Justice Health NSW) is proposing a realignment of its Executive and Direct reports to the Chief Executive, Ms Wendy Hoey.

Currently one position has been proposed for regrading and there is a new position for creation.

These are:

Director Aboriginal Strategy and Culture Unit

This position is to be regraded from a Health Manager (HM) 5 to a HM 6 and will have a seat at the executive table where Aboriginal and Torres Strait Islander matters/initiatives can be raised/discussed. The title will change –from Director Aboriginal Strategy and Culture Unit to Director Aboriginal Health Unit. Its reporting line will change change from the Executive Director Performance and Planning to Chief Executive.

The position is currently vacant. There will be no affected staff.

Director People and Culture

This is a new position reporting to the Chief Executive and will have a seat at the executive table where people and culture matters/initiatives can be raised/discussed. This position will be HES1 and is to be advertised. Workforce and Organisation Development Unit staff will report to new the new Director of People and Culture.

We will contact you to consult on any further identified changes in the structure.

Please contact Brooke Craig, Senior Industrial Relations Officer, brooke.craig@health.nsw.gov.au to provide us any feedback on these changes by COB 27 January 2023.

Kind Regards
