Re: Relocation of The Sutherland Hospital Medical Library

I wish to take this opportunity to inform you that the previous Medical Library at Sutherland Hospital has been relocated. Due to the Operating Theatre Redevelopment, this relocation has been required to accommodate continued clinical services, capacity, and patient flow within the hospital.

The medical library has been relocated as a study centre from Level 4 to Level 1 and continues to be available to JMO staff. Online access to resources is available via the intranet and the library email/ communications are currently maintained within the Medical Directorate. The JMOs have been consulted and are very support of this.

We have provided email communication to inform staff of the relocation and the available library resource links. (Please see the Memo attached).

If you require further information, please contact me at HuongVan.Nguyen@health.nsw.gov.au

To: The Sutherland Hospital Campus

CC: Vicki Weeden

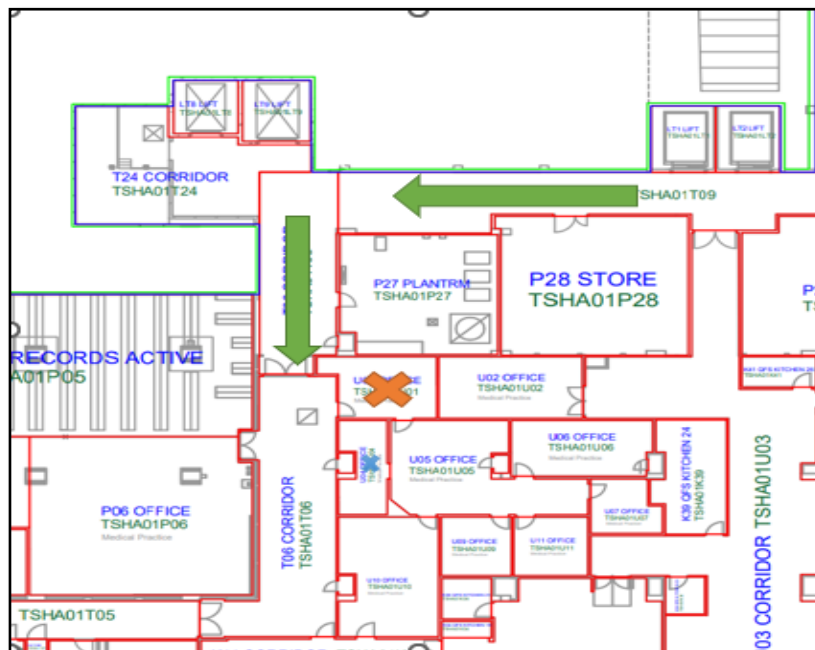

From Dr. Hung Van Nguyen

Date 1st December 2022

Subject Relocation of Medical Library from Level 4 to Level 1

Please be advised that due to the Operating Theatre Redevelopment, the Medical Library will be relocated to Level 1 on Friday 2nd December.

To access the unit internally, please utilise the corridor past food services on Level 1 by following the green arrows on the map below to the orange cross.

There will be signage in the area to assist you to navigate the hallways to the new library location.

For any questions relating to the Medical Library please contact Kelly Blakeborough
