Delivered via email

Dear Mr Hayes,

**Re: Proposed change of reporting line for Health Promotion Unit (HPU), Sydney Children's Hospitals Network (SCHN)**

I am writing to advise you of the proposed change of reporting line for the HPU, from the Community, Ambulatory, Rehab, Population and Allied Health (CARPA) Program, to the Directorate of Communications and Engagement (DCE).

HPU create campaigns, promote and advocate for the health, safety and wellbeing of children and young people throughout New South Wales and nationally. Whilst they have many partners and stakeholders, their involvement in communications needs to be strong to increase impact, reach and success of campaigns. The change of reporting line will enable HPU to work directly with DCE in being connected to Ministry, community and Network-wide services, further building their influence, impact and reach.

This change will be operational only, with FTE and physical locations remaining the same.

Both HPU and DCE staff have been consulted, and are supportive of this proposal. This change is anticipated to take effect from 21 November 2022.

If you have any questions, please contact Judy Goldman, Director, Communications and Engagement at [judy.goldman@health.nsw.gov.au](mailto:judy.goldman@health.nsw.gov.au).

Yours sincerely

Judy Goldman  
**Director, Communications and  
Engagement**
