Realignment of Revenue and Finance functions into Finance and Corporate Services

Dear Mr Hayes,

I write to advise the Union and its members of the proposed realignment of revenue and finance functions from Nepean Hospital into Finance and Corporate Services (FCS).

The proposed changes will ensure appropriate financial management controls and practices within Nepean Blue Mountains Local Health District (NBMLHD), consistent with Ministry of Health and LHD financial management policies and practices.

The realignment also provides opportunity for staff development and progression with the introduction of additional positions and further development of functions and roles. There are no adverse effects anticipated from the proposed changes.

Current and proposed organisational charts are enclosed for your information and reference.

NBMLHD has commenced a consultative process with staff regarding the proposed changes and welcomes any feedback from the HSU and its members by close of business on **1 March 2024**.

If you have any questions or wish to discuss this matter further, please contact David Holmes, Manager Industrial / Employee Relations via David.Holmes@health.nsw.gov.au.

Yours sincerely,

Adam Quested
Interim Director, People & Culture

22/02/24.
