

Physiotherapy update March 2023

Dear Member,

The HSU Physiotherapy Industrial Advisory Committee has been working hard to build momentum for the long-overdue reform of your Awards.

We all know, the current Awards are not fit for purpose. Identifying the key issues which need to change is crucial, and this is exactly the Committee's current focus. After months of work reviewing your feedback from last years Allied Health survey, we can now provide an update.

The Committee called a State-wide meeting for all Physiotherapists within the public sector to provide a comprehensive update on identified Award reform issues held on March 22nd. The attendance and engagement was fantastic and the Committee will further member only state-wide meetings soon to provide strategic updates.

If you're interested in joining the Committee or wish to refer business to the Committee for discussion, please email: blake.adair-roberts@hsu.asn.au.

If you're not a member, there's never been a more important time to come onboard. You can join the HSU here: www.hsu.asn.au/join.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
