

Speech Pathology Update November 2022

Dear Member,

Your Committee reconvened in late October to continue the fantastic and exciting work of developing plans to improve conditions.

The Committee has identified improving the salaries and classifications in the Award as one of the priority issues. To this end, the Committee has started to collate all the issues Speech Pathologists face under the Award.

This focus is with the intention of developing a broad and comprehensive list which can be brought to the wider membership for debate and endorsement. It's crucial to your Committee that every member gets a voice in this process and we will commit to ensuring this happens.

The Committee is entirely member led and democratic, but we need more members, if you want to make the changes you think are important then get in touch at the email below to become a member of the Committee!
