RESPONSIBLE TO	District Health Information Manager
RESPONSIBLE FOR	43.94FTE
PRIMARY PURPOSE OF THE ROLE	<p>The position of Manager, Health Information Services (HIS) reports to the District Manager, HIS and is responsible for all aspects of facility management as it relates to managing health information including clinical data management and health records management in both the electronic, scanned and paper formats in the hospital and community settings.</p> <p>This position is responsible for operational, financial, disaster, strategic and staff management of 43.94FTE in HIS. This includes ensuring all elements of medical record document imaging within HIS are maintained including staffing, auditing, business processes and KPIs.</p> <p>This position will lead HIS at RNSH in the collaborative achievement of a completely electronic medical record with clinician and hospital-wide engagement and support.</p>
KEY ACCOUNTABILITIES <i>(Maximum of 8)</i>	Strategically and operationally manage all aspects of HIS including health records management and health data in the acute and community settings. This includes undertaking business process redesign where required to improve the efficiency and effectiveness of health records flow; overseeing records management including the record structure, storage, document imaging, forms design, clinical documentation and electronic data entry; providing advice to clinical staff on information standards in relation to clinical documentation and clinical data management; ensuring legislative and Ministry of Health (MoH) requirements are met in respect to the creation, maintenance, archiving and destruction of health and other confidential documents and ensuring compliance with Australian standards especially AS2828.1 and AS2828.2.
	Provide effective leadership and direction to HIS staff to ensure the service remains focused on front end health service delivery. This includes promoting and supporting a department culture of both effective team dynamics and a quality focussed approach to HIS operations; managing, coaching, mentoring and supporting staff through performance management, training, supervision and rostering to ensure quality of services and compliance with LHD policies; and act as a senior leader and providing professional support to junior Health Information Managers across the District.
	Maintain and develop auditing and quality control processes for document

	imaging and all other areas of the department to ensure that both individual and team benchmarks and key performance indicators are met, whilst proactively developing strategies to manage and improve data quality in various databases and information systems.	
	Participate proactively in various projects related to the implementation of eMR and other related information systems.	
	Undertake District wide projects as requested by the District Manager, HIS	
	Efficiently manage the resources (human, financial, technological, and other) allocated to the department.	
	Manage risk by identifying, analysing, evaluating and documenting all risks relevant to the department (e.g. WHS, corporate, clinical, financial, reputational, legal and technological) and reviewing and implementing management strategies where necessary and action plans for all areas of concern. This includes providing a safe working environment and safe working practices for all staff in the department and developing disaster management plans and strategies to manage both electronic and paper-based medical records.	
	Develop a continual understanding of the various technologies, products and services required for promoting operational efficiencies in the delivery of Health Information Services.	
KEY CHALLENGES <i>(Maximum of 3)</i>	Leading Health Information Services staff to the vision of supporting a complete electronic medical record to contribute to optimal front end health service delivery in the context of a major tertiary referral hospital with a complex and broad casemix.	
	Working with colleagues in the alignment of disparate facility based Health Information Services providing an NSLHD wide service.	
	Ongoing development of a sustainable and progressive workforce that is capable of meeting the needs of the organisation and community we service.	
KEY INTERNAL RELATIONSHIPS <i>(Maximum of 3)</i>	WHO	WHY
	HIS Managers and staff including District HIS Manager, RNSH Deputy Manager, all HIS staff including Medico-Legal Manager, Supervisors and Administrative Staff.	To build and maintain professional relationships, manage teams effectively and achieve key accountabilities.
	RNSH and NSLHD staff including Clinicians, Managers, Administration staff, ICT staff and Executives.	To promote Health Information Services, contribute expertise to hospital wide initiatives, provide advice regarding records management and to ensure Health Information Service's needs are met in order to provide optimal service delivery.

KEY EXTERNAL RELATIONSHIPS <i>(Maximum of 3)</i>	WHO	WHY
	Patients, visitors and members of the public.	To respond to and manage requests for copies of medical records and other forms of clinical information.
	Government departments and agencies.	To respond to and manage requests for copies of medical records and other forms of clinical information and manage processes between the departments or agencies and HIS.
	Private companies including but not limited to vendors, solicitors and insurance companies.	To respond to and manage requests for copies of medical records and other forms of clinical information and to facilitate the provision of services to HIS.
SELECTION CRITERIA <i>(Minimum of 3 maximum of 8)</i>	Consistently demonstrates behaviours that reinforce the CORE Values of our organisation; Collaboration, Openness, Respect and Empowerment. Demonstrates these behaviours with all stakeholders; colleagues, direct reports, as well as our patients and consumers, and those that care for them.	
	Tertiary qualifications in Health Information Management or equivalent. Demonstrated experience as a Health Information Manager, with capacity to provide operational, financial and strategic advice to the District Manager, Health Information Services.	
	Extensive experience in the leadership and development of a team of professional and administrative personnel in the delivery of health information services with the ability to motivate and co-ordinate staff.	
	Extensive experience in change management processes around data quality and records management including key stakeholder consultation.	
	Exceptional customer service orientation and ability to communicate effectively (verbally and in writing) to a wide range of customers.	
	Demonstrated strong analytical skills and an understanding of business analysis and workflow design.	
	Knowledge, understanding, commitment to and experience in Ministry of Health policies and procedures relevant to the management of health information and medical record management including experience in document imaging and quality improvement.	
	Proven negotiation and delegation skills with the ability to develop performance measures to ensure an effective, efficient and quality service delivery.	

JOB DEMANDS CHECKLIST

The purpose of this checklist is to manage the risk associated with the position in relation to the occupant. It may be used to provide information about the position to a Health Professional required to perform a pre-employment medical assessment. Identification of possible risk can also assist with the development of a training plan for the occupant to ensure the risks are minimised.

Each position should be assessed at the site as to the incumbent's (or future incumbent's) OHS responsibilities specific to the position. This form is to be completed in consultation with the manager/supervisor of the position being recruited for.

Infrequent: intermittent activity exists for a short time on a very infrequent basis
