PETITION

To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales.

The Petition of residents and visitors of New South Wales brings to the attention of the House that the NSW Liberal National Government is continuing to under fund and under resource NSW Ambulance. NSW Paramedics are the lowest paid in the country. NSW Paramedics are the highest injured in the country. NSW Ambulance is always in the three lowest performing states when it comes to response times.

The undersigned petitioners therefore ask the Legislative Assembly to legislate to ensure NSW Paramedics receive the professional recognition they deserve. Additionally, NSW Ambulance must be properly resourced so response times are brought into line with community expectations.
