

The Orchards: Are you represented in the negotiations?

Dear Member,

Thanks to everyone who came to talk us today in the lunch room. It was great to see so many HSU members and hear about your priorities for the enterprise agreement negotiations.

The top issues have been about fair pay increases and making sure that your working conditions keep up with industry standards.

If you didn't get a chance to have your say today, please fill out the bargaining survey now at www.surveymonkey.com/r/orchards-2018 to make sure your issues are put forward in the negotiations.

Are you going to be represented?

The HSU is the bargaining representative for all HSU members during this negotiation. So if you're a member, you're covered.

If your colleagues aren't HSU members yet, please encourage them to join the union so that they are also represented. We'll get the best agreement when we are strong and united. They can join online now at www.hsu.asn.au/join or by calling 1300 478 679.

The union has written to management proposing dates for our first meeting. We look forward to hearing from them soon.

We'll keep members up to date with next steps.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
