

MNCLHD: Appointment of Associate Director Workforce

Dear Member,

The HSU has received correspondence from Mid North Coast LHD that it has appointed Mr Denis Hogno to the position of Associate Director Workforce. The letter is attached to this newsletter.

Further, the LHD has advised that there will be changes to current reporting lines as a result of a review of functional areas of expertise and service delivery. Once that is concluded, we have been assured that all information about the changes will be provided to the HSU for consultative purposes.

If you have any concerns about the process to this point, please do not hesitate to contact your HSU organiser.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD

Dear Mr Hayes

Further to my previous correspondence dated 7 May 2018, I would like to provide you an update on the functional re-alignment of the Workforce teams within the Nursing Midwifery & Workforce directorate.

The recruitment to the Associate Director Workforce role has now been finalised and Mr Denis Hogno has now been appointed to this role.

Given the above appointment, the identified Workforce managers will report to Mr Hogno during the remaining period while the interim structure is in place and the review of functional areas of expertise and service delivery is concluded with any proposed changes to current structure or reporting lines to be provided for consultation.

I anticipate that the above review and body of work should be available for consultation by 20 July 2018.

Should you require any further information or clarification regarding the above, please contact Mr Hogno at denis.hogno@health.nsw.gov.au.

Yours sincerely

Vicki Simpson
