

Anglican Care – Increasing Full Time and Contracted Hours

Dear Member,

Your Union representatives met with Anglican Care management this week to discuss feedback from our member survey into increasing fulltime employment and contracted hours in Anglican Care.

Based on our survey result, it was clear that there was a strong desire amongst some staff to secure fulltime employment and/or increased contracted hours.

With wages in Aged Care already low, securing increased hours can provide badly needed extra money each week.

Increased fulltime and contracted hours is also important for job security.

Our feedback highlighted the need for:

- A centralised system to record who is seeking increased hours.
- An ability for Management and the HSU to review how many staff have requested increased hours and how many actually received it.

We are happy to report that Anglican Care management agreed to our requests.

We continue to encourage members to put any requests to increase contracted hours to their local manager.

Now more than ever, Aged Care workers need to stick together and be protected.

Encourage your workmates to join online at www.hsu.asn.au/join or phone 1300 478 679.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
