“My Food Choice” Concerns

Dear Member,

The HSU has been contacted by concerned members throughout the Northern NSW and Mid North Coast area regarding the rollout of the “My Food Choice” program. The issues are generally related to timing and schedules, inequity of rostering, lack of breaks, lack of cleaning and lack of training. These issues are of major concern.

The HSU is seeking feedback from members across this area regarding any other concerning matters regarding the “My Food Choice” implementation. Please email Organisers Michael Kearns on michael.kearns@hsu.asn.au or Shanon Ranjit on shanon.ranjit@hsu.asn.au, or Industrial Officer Toby Warnes on toby.warnes@hsu.asn.au with site specific concerns by Friday 14 September 2018.

The HSU will be visiting the sites throughout this area to speak with workers around the concerns already raised. We will then contact HealthShare and table the issues, seeking resolution with the assistance of workplace delegates and members.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
