

CCLHD Pharmacy Restructure Update

Dear Member,

As part of the recommendation from the NSW Industrial Relation Commission (IRC), the HSU and Central Coast LHD are meeting on an ongoing basis for at least six months to review the implementation of the new structure within Pharmacy.

The first of those meetings was held Tuesday 5 September, and preliminary discussions centred on workload issues and the need to establish a methodology to review these. To this extend, management agreed to provide the HSU with a list of parameters they deem necessary for inclusion, with the HSU to also provide input. These will be determined at our next meeting in 4-6 weeks.

Other issues touched upon at our meeting centre are training and rostering for weekend work.

Following this discussion, the HSU has scheduled the following meetings to update members and seek further feedback. Please see below for times and locations.

Wyong Hospital – Tuesday 11 September 11:30-12:30, location TBC
Gosford Hospital – Tuesday 11 September 1:30-2:30 @Conference Centre
(Room location will be listed on Conference Centre notice board)

If you are unable to attend either of these meetings, please email either your Organiser Brendan Roberts (brendan.roberts@hsu.asn.au) or HSU Industrial Officer Greg O'Donohue (greg.odonohue@hsu.asn.au) with your comments and feedback.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
