

Tweed Heads Hospital Proposed Domestic Services Roster

Dear Member,

The HSU has recently raised issues with the proposed domestic services roster.

Below is an excerpt of the email to management.

The HSU has met with our members and we cannot support the proposed roster.

Namely due to the following

- 1. 8 weeks straight of working with no weekend rostered.*
- 2. 8 weeks straight of working weekends.*
- 3. The new roster cuts the Sunday's rostered for full time staff to be granted an extra week of annual leave.*

The financial impact of the 8 weeks of not working weekends is unfair towards our members who rely on the remuneration from penalty rates for their financial security.

The HSU will now seek Industrial advice regarding the proposed changes, seeking to have management properly consider your concerns.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
