

Armidale Hospital: HealthShare starts consultation draft roster for Patient Support Services

Dear Member,

Your Site Supervisor has forwarded the attached correspondence to the HSU regarding a new draft roster for Patient Support Services.

The Site Supervisor has recently done some updates taking into account the new shifts, and also to reflect that some staff have expressed interest in reducing their hours. She is now requesting that members review the draft Master Roster and advise of any concerns. She has also presented the draft to the staff on site, and has distributed some internal expression of interest forms for current permanent staff to express interest in the full time cleaning and full time wardsperson vacant positions.

The main change to shift times is that HealthShare is moving the Ground Floor shift to slightly earlier in the day (currently starts at 1300). This follows from consultation with staff who indicated they would prefer to have the shift earlier. The proposed new shift in Day Surgery is in the evening at the same time as Theatres & Clinics, when the department is empty. The Site Supervisor has notified the HSU that staff seemed to agree that considering the size of the new Day Surgery department, it wouldn't be suitable to clean at 0600 as cleaners would be in the way of the staff and patients.

On the following page is a key for the shift codes for the attached draft roster.

Members are encouraged to read the attached document and to provide feedback to your local Organiser Cindy Paull via email cindy.paull@hsu.asn.au by COB Friday 7 December 2018. Please use the subject line *Armidale HealthShare roster feedback*.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
