NSWA settles group cert dispute: bans lifted

NSWA contacted ADHSU immediately after reading our newsletter seeking a settlement to our dispute and for the bans to be lifted. They agreed to demand the following from HealthShare:

HealthShare will provide written documentation to any member of staff who has received non-taxable income throughout the relevant years that addresses any of the information that the ATO requires to fix the errors.

NSWA will also reimburse reasonable tax account/agent fees incurred on production of a receipt.

We will also request an FAQ be issued by HealthShare to explain to all staff what the problem is and how it can be fixed.

Well done HSU members for achieving a speedy result so far. We'll keep you posted if anything changes.

In unity,
