

PMBH Privatisation Update

Dear Member,

This newsletter is to inform that members can exercise your right to participate in endorsed industrial bans without fear of retribution from managers or non-members. If members are threatened with disciplinary action by managers in response to members expressing your right to abide by the endorsed action, please immediately contact the sub branch committee or the HSU directly on 1300 478 679.

Have a safe and Merry Christmas.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
