Picnic Day Pay Errors

ADHSU Members have identified a variety of errors in their pay for the 'Picnic Day' public holiday.

We have sent the service a 'please explain' and will provide updates to members about the outcome.

We advise all members to check their pay slip for payment for the 27th of December.

You should have been paid:

- If you did not work – 7.6 hours at your base rate of pay.
- If you did work – double time and a half for the actual hours worked.
 - That will be recorded on your pay slip as X hours in ordinary time, X hours at 100% and X hours at 50%.

If you have not received payment, please log your issue with payroll in the first instance. We will ensure that it is remedied.
