

HNELHD: Morisset Hospital Security Update

Dear Member,

The HSU has called upon Hunter New England Local Health District to maintain current temporary security arrangements at Morisset Hospital. In response, HNELHD has informed the HSU that it is extending the arrangement till 1 March.

However, HNELHD is proposing that due to the decrease in people accessing the site, security be maintained Friday, Saturday and Sunday **only**, for a period of 6 weeks **from 4 March**.

Given that extensive issues have been raised regarding security resourcing at Morisset and other facilities within the Greater Newcastle Sector, the HSU is seeking feedback from members as a matter of urgency. Please email your feedback to Organiser Matt Ramsay, matthew.ramsay@hsu.asn.au. Following feedback received, the HSU will be holding meetings with members to discuss further action.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
