

Southern NSW LHD Proposed Restructure

Dear Member,

The HSU has been inundated with feedback from members in relation to the Southern NSW LHD restructure.

A key theme is that there are insufficient details in a number of areas for members to provide feedback.

Accordingly, the HSU has written to the Chief Executive to seek further detail and that representatives be released to review the material so that the HSU can make a comprehensive submission on the proposal.

Now, while an employer can make changes to their organisation they cannot do so without consulting with the union and employees. So, please be assured that there will be no changes implemented without the LHD complying with the NSW Health policies which require them to consult.

The HSU commits to all members that it will represent them in responding to this proposed restructure – both collectively and individually.

As part of this representation the HSU Organiser will be attending SNSWLHD worksites from 4th March 2019. Please find attached meeting dates and times. Please also note that meeting locations will be advised closer to the date of visit.

In addition, for the HSU to facilitate our response on behalf of members, it is critical that we have representatives from each site/occupational grouping so that we can communicate quickly to members and to co-ordinate the feedback of members on the proposal.

If you are interested in being a site/occupation representative, please contact HSU Industrial Officer Julie Gordon via julie.gordon@hsu.asn.au.

Not a member of the HSU? Now is time to join and have your say! You can join online at www.hsu.asn.au/join or call 1300 HSU NSW and join over the phone.

A union's effectiveness and negotiation power depends upon the strength and density of its membership base. Join your work colleagues today by becoming a member of the Health Services Union and help us continue to protect and improve your working life.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
