

HammondCare Update: Fair Work Commission considering your EA

Dear Member,

The Fair Work Commission is currently considering approval of your HammondCare Enterprise Agreement.

The HSU has identified a number of serious issues in the agreement, which could mean it is not better off overall than the Award.

It is important that any new enterprise agreement is better off overall, for all HammondCare staff.

We are proud to be campaigning for everyone to have fair pay and conditions at work, but we also want this to be swiftly so that staff can enjoy their pay increase. The HSU has repeatedly asked HammondCare to pass on the wage increase now, but HammondCare have refused to do that.

The Fair Work Commission has now given directions to the unions and to HammondCare to file information about these issues, and how they can be resolved.

The Commission has set a timetable for this to occur over the next 4 weeks.

The HSU is working hard to ensure to ensure that you have a fair enterprise agreement, that it legally compliant, and that is better off overall for all staff.

If your colleagues are not yet HSU members, ask them to join today either online at www.hsu.asn.au/join or by calling 1300 478 679. Only when you're an HSU member are you part of the team campaigning for a fair workplace, and only HSU members are covered for assistance from the union, like our Member Services Division or our HSU journey insurance.

If you have any questions about the process, please contact your HSU delegate or the union office on 1300 478 679.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
