

St Luke's Dapto Update

Dear Member,

The HSU, together with Anglicare, have discussed a mechanism to guarantee current contracted hours of members who have been asked to reduce hours as a consequence of the redevelopment at St Luke's.

As a result, a variation document (which will be referred to as a maximum term secondment contract) has been drawn up that will seek to adjust hours for the period of the redevelopment only and that will revert back to the previous contract hours once the redeveloped building is fully operational (we anticipate this to be 31 January 2021).

Members are to contact their local organiser Meri Bosevski via email meri.bosevski@hsu.asn.au upon receipt of the document.

Members who have chosen to take redundancy and believe the calculations to be incorrect should refer the matter directly to Matthew Bond. Please note that the redundancy calculation should be based on the average hours worked over the preceding 12 months or the contracted hours, whichever is the higher.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
