

## Northcott Bargaining Update

Dear Member,

As you all would be aware, your enterprise agreement is currently up for negotiation.

This means that union members can campaign for a fair wage increase and for improvements to conditions at work.

The HSU is currently in the process of arranging workplace meetings to have discussions with all staff and to develop a list of claims to strongly represent our members at the bargaining table.

The meetings that have been held to date have been highly successful. It has given staff the opportunity to learn about the bargaining process and the benefits of being a Health Services Union member.

If you haven't yet had a workplace meeting with the HSU, please encourage your manager to contact Rob Sheehy at [rob.sheehy@hsu.asn.au](mailto:rob.sheehy@hsu.asn.au) to arrange.

Congratulations to all new members who now have stronger representation in their workplace and in the process of enterprise bargaining.

For members that have not had the opportunity to complete the bargaining survey, please see link below:

[https://www.surveymonkey.com/r/northcott\\_EA\\_2019](https://www.surveymonkey.com/r/northcott_EA_2019)

For any members that would like further information about becoming a Bargaining Representative please contact Ben Steltenpool at [ben.steltenpool@hsu.asn.au](mailto:ben.steltenpool@hsu.asn.au).

If your colleagues are not yet HSU members, ask them to join so that they can also have their voice heard. They can join now by visiting [www.hsu.asn.au/join](http://www.hsu.asn.au/join) or calling 1300 HSU NSW.

HSU members get the best results when we're strong in your workplace. That means everyone being active and united.

In unity,

Gerard Hayes  
Secretary, HSU NSW/ACT/QLD
