

Muswellbrook Hospital Redevelopment Update

Dear Member,

The HSU has been provided with some information (attached) regarding the redevelopment of your workplace. The ground floor area including refurb area is 1330sqm, and the first floor area including refurb area is 515sqm.

In terms of staffing for HealthShare members, HealthShare management are meeting with HNELHD to confirm and clarify the exact staffing arrangements. Once HSU has received further news, we will keep members informed as soon as possible. If you have any concerns in the meantime, please notify your HSU organiser Matt Ramsay at matthew.ramsay@hsu.asn.au using the subject line *Muswellbrook Hospital Redevelopment*.

If you know someone who is not yet a member of the HSU, encourage them to join and make their voice stronger in the workplace. A union like the HSU is made stronger by its members, and our ability to campaign on issues and create change in the workplace is directly linked to our strength in numbers.

Your workmates can join by visiting www.hsu.asn.au/join or by calling the Union on 1300 478 679.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD

Hi Matthew,

Thankyou for your time on Thursday 21st March 2019 in relation to the redevelopment at Muswellbrook.

I note that as an action from the meeting we agreed to meet again in 3 to 4 weeks' time. I'll send you a meeting invite to arrange this. Happy to have this meeting again in person or via teleconference if you prefer. Would the 16th April 2019 at 11.30 suit you?

I apologise that I have not got back to you with the floor space request - The Ground floor area including refurb area is 1330sqm, the First Floor area – including refurb area is 515sqm. Staff have already had part of their required fire training prior to the move, on the week of move fire evacuation exercises are planned.

Regards
Wendy Hordern

Hi Mat

HealthShare has forwarded the Local Health District proposed staffing levels earlier this year – we are having meetings in the next few weeks to confirm and clarify staffing. I will keep you updated.

I have updated the team on site twice regarding staffing and the process involved with the new building

Happy to discuss
