

## **MNCLHD: PMBH Workplace Bans Continue**

Dear Member,

This newsletter is to remind ALL members at Port Macquarie Base Hospital that industrial bans around the medical imaging department have not been lifted by members. The HSU has been informed that individual managers have been openly stating that the bans have been lifted. This is simply not true.

As part of the industrial bans, NO HSU member is to undertake cleaning services within the medical imaging department. If a member is directed to do so, you have the right to abide by the endorsed resolution. Members are urged to contact your sub branch leaders with any concerns regarding this matter.

In unity,

Gerard Hayes  
Secretary, HSU NSW/ACT/QLD
