Illawarra DOM bans lifted pending roster approval

Dear Member,

The ADHSU Illawarra Inspectors held a teleconference with NSWA this afternoon in relation to their [disputed roster](#).

NSWA stated that their preferred roster will be approved by no later than 1200 tomorrow and will commence operating this Saturday.

As a show of good faith, the Illawarra Inspectors have lifted their bans immediately. It's now over to the Service to follow through with their promise to have the rosters approved by midday tomorrow.

Well done to the Illawarra DOMs for taking a stand on this issue, its disappointing that it came to industrial action to prompt the Service into doing the right thing.

In unity,
