

## Northern Sydney Allied Health Survey Last chance to have your say

Dear Member,

For the past 4 weeks the Health Services Union (HSU) has been conducting a survey across the Northern Sydney Local Health District (NSLHD) to examine issues effecting Allied Health with respect to staffing, resourcing and representation in the executive. So far, we have received a strong response and identified many issues which are widely experienced across the NSLHD.

If you have not yet done so, please complete the survey at the link below and circulate it amongst your colleagues in order to build greater consensus around the issues identified.

The survey can be completed here: <https://www.surveymonkey.com/r/8T5F8FN>

Over the next few weeks the HSU will be organising a series of meetings at each Hospital within NSLHD in order to facilitate a dialogue about the issues raised, next steps, and how we can campaign for change.

Members will be notified when the meeting at your Hospital will be. Please encourage your fellow HSU members to attend, as well as any of your colleagues who have not yet made the choice to join their Union.

In unity,

Gerard Hayes  
Secretary, HSU NSW/ACT/QLD
