

## Hospital Safety Campaign Committee

Dear Member,

In continuing our campaign for improved Hospital Safety across New South Wales, the Union will be appointing a Committee including members to oversee the development and continuation of the **'A Safe Hospital is a Healthy Hospital'** campaign.

The committee will play an important role in making sure the issues faced by members are being addressed and are represented in our push to get the government to fix hospital safety.

Our campaign to make health facilities safer did not stop on the 1<sup>st</sup> of August. Continued and committed attention to this campaign is required to find long term solutions, rather than the band-aid solutions that have so far been offered by the Government.

Safety issues affect all of our public health membership in both metropolitan and regional NSW, and as such we are seeking expressions of interest from all areas and classifications of the public health system. We would like expressions of interest from Allied Health and Cleaning staff, Security, Wardspersons and Food Services, through to Administrative and Clinical staff. All submissions will be considered. We need **your voice** to ensure the issues you face at work are properly represented.

To submit an expression of interest, please complete the survey at this link:

<https://www.surveymonkey.com/r/hsusafetycommittee>

Applications close on Friday, 23<sup>rd</sup> August. We look forward to hearing from you.

In unity,

Gerard Hayes  
Secretary, HSU NSW/ACT/QLD
