

## **RPA & Concord Security Officers Teleconference**

Dear Member,

Are you concerned about the current level of vacancies and how long it takes to fill these?

Are you concerned about the current levels of training being provided?

Are you concerned about the increased levels of violence occurring in Public Hospitals?

If you answered Yes to these questions and are a Security Officer working at either Royal Prince Alfred (RPA) or Concord Hospital, you are invited to take part in a teleconference on **Wednesday 28<sup>th</sup> August from 6pm.**

It is important for as many Security Officers from both Hospitals take the time to be part of this conversation as we will be updating members on these matters as well as discussing next steps in the campaign. Unfortunately, management hasn't resolved these matters despite union members sharing their concerns, so it's up to us to keep the pressure on until they take action.

To take join in and participate in the discussion you simply need to:

1. Call 1800 896 323
2. When prompted for a pin, enter 1168 033 268, followed by #.

In unity,

Gerard Hayes  
Secretary, HSU NSW/ACT/QLD
