

Wesley Mission New Model of Care

Dear Member,

It has come to the HSU's attention that Wesley Mission has formalised a new model of care which is called The Wesley Mission 'About Me' relational model of care.

As part of implementing the new model of care and its obligations to consult with major workplace change, Wesley Mission have provided staff with notification of the change and have also been organising to meet with staff.

To support members through this change process, the HSU has contacted Wesley Mission and organised to meet with management on Monday 2nd September to get more information and raise any concerns our members may have.

A major concern with the introduction of a new model of care is workload and potential roster changes. To ask any questions or raise concerns about the new model of care please email agedcare@hsu.asn.au.

Only HSU members will get industrial support through this change and any future workplace change. It's one of the many benefits of being a member of the Health Services Union. The HSU will continue to keep members updated through the change process.

If your colleagues are not already members of the Health Services Union they can join online at www.hsu.asn.au/join or call 1300 478 679.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
