

Calvary Mater Hospital: Proposed Roster Changes to Patient Services

Dear Member,

The HSU has been informed of proposed roster changes by the Calvary Mater Hospital for administration officers working in Patient Services. HSU officials and the Calvary Mater Sub Branch Executive were invited to one meeting in September to discuss this issue. At that time, no agreement had been made and the HSU informed management that meetings with affected members would need to occur before any changes would be agreed to.

The HSU, following concerns from members, placed the rosters in dispute and requested copies of rosters and an outline of why the changes were necessary. These documents have now been received and can be viewed at the links below:

- [Rationale for changes](#)
- [Old Roster \(spreadsheet\)](#)
- [New Roster \(spreadsheet\)](#)

The HSU is calling upon members to carefully read the documents and to provide your feedback via email to michael.kearns@hsu.asn.au by COB Friday 18th October 2019.

Organiser Michael Kearns will be on site at the Calvary Mater Hospital Wednesday 16th October for the HSU Members' Benefit BBQ lunch located on the Mental Health Admin Building, Level 4 courtyard. Members can also provide feedback at this time.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
