

New Award filed and complete to include 'Flynn' Crib Away allowance

Dear Member,

On Wednesday the 16th of October, the new award for HealthShare PTOs was finally settled.

We have been given word that the calculations for owed backpay will be finalised in 6 weeks. This delay is frustrating for PTOs who have been forced to wait 3 years for a pay rise.

We have also requested that the 2019 rate of pay be applied as of the next pay cycle, however there has yet to be a response from Workplace Relations about this. HSU delegates will notify staff if and when there is a response.

Congratulations once again for your efforts and your patience. This fight has made us stronger and more unified, and you best believe we will be ready for whatever comes next.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
