

73% of employees say NO to Mercy Health

Dear Member,

The HSU has recently been advised of the full ballot result at Mercy Health.

73% of staff that voted said that the proposed agreement was not good enough. Attached is the formal voting results for your information.

This is an overwhelming number of staff that rejected management's offer. **This is your enterprise agreement and the HSU will always stand with HSU members and support your decision.**

We want to hear your top priorities for bargaining so we can push for an improved offer from management. [Click here to take our quick survey and share your feedback.](#)

Next steps

The next formal negotiation meeting is scheduled for 4 February 2020.

Members have said loud and clear that the current offer is not good enough, but now we need your feedback so we can go back to the bargaining table and campaign strongly for a better deal. [Take our short survey here now.](#)

We also need HSU members who are willing to stand up and come along to the meetings with us. You will have support from the HSU office and we will work together to try and get a better offer.

If you are interested in coming to the bargaining meeting, please email HSU Bargaining Officer Chris Friend at chris.friend@hsu.asn.au for information.

We will only get a better result when members are strong and united. If your colleagues are not yet HSU members, please encourage them to join online at www.hsu.asn.au/join or by calling 1300 478 679.

We will update members following the next bargaining meeting and as soon as we have more information. [Make sure you have your say today.](#)

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
