

Nauseous Linen Allowance

Dear Member,

The HSU is aware that the Ministry of Health has circulated a *'fact sheet'* about how it says the nauseous linen allowance should be paid. The HSU believes that this fact sheet is incorrect. We have commenced legal proceedings against the Ministry in the Industrial Relations Commission.

While the proceedings are before the Commission, it is the HSU's expectation that no changes will be made to the manner in which you are being paid. If any changes are happening, we will contact the Ministry on behalf of affected members to ensure that nobody is worse off pending the dispute being resolved. We will fight so that members are protected from any adverse impacts of the Ministry's proposal.

We are also seeking information with respect to who is being paid the allowance and any changes to the payments. To help us with this, please fill out the brief survey which can be found [at this link](#).

We will continue to update members on this issue as it proceeds.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
