

NNSWLHD: Infectious Cleaning Allowance Claim Form

Dear Member,

The HSU has been advised that Northern NSW LHD is asking staff to fill out the attached "Infectious Cleaning Allowance Form".

The HSU takes issue with this form, namely being the use of a Medical Record Number (MRN) and the name of patient. There are patient privacy issues in using MRN and patient names on a non-clinical record.

Whilst the claim form exists in its current form, the HSU advises members not to fill out the form and keep claiming the Infectious Cleaning Allowance through existing methods at your hospital.

The HSU has advised the LHD that we are in dispute as per the Award, and we will keep members informed of the progress of this issue.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
