

You deserve a pay rise!

Dear Member,

HSU members are about to begin bargaining at Salvation Army. [Have you taken the HSU Survey about your wages and conditions?](#)

Right now, Aged Care workers across the country are talking about what it takes to work in this sector and how that work needs to be valued and respected.

Every Aged Care worker deserves a pay rise and for HSU members at Salvation Army, that starts with taking the HSU Survey in the lead up to bargaining your new Agreement.

What do you think is a fair pay rise? What changes do you want to see with allowances? Would you like to be more involved in the process?

Click here to have your say: <https://www.surveymonkey.com/r/salvationarmy-EA-2019>.

The results of the HSU Survey will be used to put together our demands of Salvation Army. The HSU survey will close soon shortly so make sure you have your say.

And if you know someone who isn't an HSU member, let them know that the HSU is fighting for better wages and conditions across the Aged Care sector. If they want changes at Salvation Army, now's the time to stand up and join. New members can join at www.hsu.asn.au/join or by calling the Union on 1300 478 679.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
