

Maclean District Hospital: Proposed Change to Ward Configuration

Dear Member,

The HSU was advised by members today and later in writing (see letter [at this link](#)) by the LHD that they intend to consolidate wards, therefore impact on staffing.

The HSU is currently reviewing the correspondence and will be onsite on Friday 14 February at 10am for a meeting with members.

The HSU has today put out a media release condemning the decision.

We also encourage those staff that aren't yet members of the HSU to attend the meeting. Membership forms will be available for non-members to join at the meeting.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
