

St George Hospital Staff Amenities Update

Dear Member,

As members may be aware, the tea/coffee and milk supplies at the ground floor staff beverage bay (near Zouki) had not been provided for the last 2 weeks.

This was a further hardship for those staff who work in that area. The issue further highlighted the poor state of staff amenities at St George Hospital, especially for those staff who do not have a dedicated tea room.

We are pleased to inform members that following HSU intervention, the tea/coffee and milk is being returned to the beverage bay.

Though a small step, it is a demonstration of the vital importance of union membership at St George.

There is still a lot more improvement needed in relation to staff amenities at St George.

Your union will be providing more information on that in the coming weeks.

In the meantime, encourage your workmates to join online www.hsu.asn.au/join or phone 1300 478 679.

The basis of any strong union is a strong union membership.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
