

Northern NSW Floods

Dear Member,

What difference a few months make. Last year we were warning members to take care during the bushfires and now we have flooding on the Northern Rivers.

We wish to remind HSU members that FACS leave is available to an employee in a case of pressing necessity (for example, where an employee is unable to attend work because of adverse weather conditions which either prevent attendance or threaten life or property).

If it unsafe to get to work, don't risk it. Never drive through a flooded road.

 If your life is at risk, call Triple Zero (000) immediately
