

Mt Druitt Hospital Parking Fees

Dear Member,

At this week's Consultative Committee meeting with management, the HSU argued that it was an outrage to charge members parking fees when the boom gates are not in operation, as members and even management cannot get on-site parking due to the large numbers of non-staff vehicles parking when the gates are broken.

After discussions with HSU, management indicated that if members could not find parking over the last couple of days, they should contact their line supervisor and the funds would be refunded.

LHD management stopped short of outlining how this was going to be done, but the HSU's advice would be to email your line manager with a clear time frame, e.g. 'next pay day'.

Outcomes like this are a result of having a strong Union. If you know someone who isn't yet a member of the HSU, encourage them to join at www.hsu.asn.au/join or by calling the Union on 1300 478 679. We are stronger together.

In unity,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD
